Building Valuation Data

The City of Palm Coast Building Fee Schedule states the value of construction for permits will be determined by the published August edition of the International Code Council Building Valuation Data according to the type of construction and use.

The August 2023 edition Building Valuation Data will become effective for One- and Two-Family Homes, and Townhouses applied for on or after November 1st to determine the value of construction.

The value of construction will be calculated at \$165.67 per sq. ft. for conditioned area and \$64.19 per sq. ft. for all other areas.

The fee schedule and the August 2023 edition of the Building Valuation Table can be located on our Building Services Webpage under Fees.
