DIGITAL SIGN AFFIDAVIT
City of Palm Coast

Land Development Code (LDC) Chapter 12 Section 12.05.03 - Digital Signs

Size, Height and Area – Digital Signs must meet the location and size criteria of LDC 12.05.02.A., 12.05.02.B and 12.05.03.B.2

Display Duration and Transitions

1. Display time: 8 seconds minimum static display time.
1. Pixel spacing: Ten (10) millimeters or less.
2. Transitions: Must be instantaneous or fade in/out, dissolve.

Brightness and Dimming

1. The **applicant shall provide written certification from the sign manufacturer** stating that the sign will include automatic dimming based on ambient light and that the light intensity has been factory preset not to exceed 0.3 foot-candles above ambient light measured by the method and distance as provided in the International Sign Association - Night-time Brightness Level Recommended for On-Premise Electronic Message Centers.

Permitting and Compliance

1. A sign permit is required for all Digital Sign installations or modifications.
2. The conversion of any portion of an existing permitted sign to digital sign shall require a sign permit.
3. The digital area of a sign must be integral to the design of the sign structure.
4. Malfunction Protocol: Signs must default to a black screen or be turned off in the event of a malfunction.
5. Signed and notarized affidavit on provided form is required with permit application.

Prohibited Digital signs and sign features

1. Animation
2. Digital display is prohibited on Wall Signs
3. Digital display shall not be permitted on existing non-conforming signs.
4. Parasite digital sign (must be integral to the sign face)
5. Prohibited features
    a. Flashing, blinking, strobe, scrolling, traveling or similar effects.
    b. Video, animation, or full-motion graphics.
    c. Audible components or sound.

Fill in the following for this permit:

Address of property _____
Sign face area (size in feet)_____
Digital display area (size in feet) _____
Percent of digital display of sign face_____
Display time (seconds)_____
Pixel spacing (millimeters)_____
Transition type (see above)_____

Applications must include:

- Site plan showing location of sign and setbacks to the property lines.
- Elevations showing height, overall sign size, area of the sign face, and portion of the sign face that will be digital display.
- Certification from sign manufacturer. (See Brightness and Dimming above)

The applicant for a sign permit for a Digital (changing) Sign under the provisions of this chapter shall provide with his application this affidavit, sworn or attested by the land owner, attesting to the facts that:

1. The sign to be installed meets all of the criteria set forth in this chapter; and
2. The sign shall be operated in a manner consistent with the criteria set forth in this chapter; and
3. The landowner and applicant agree to be held liable, separately or collectively, if these provisions are not met, for any fines arising from such violation. This provision shall not be construed to relieve any other responsibility or remedy for such violation set forth in this chapter.

BY SIGNING BELOW, I ATTEST THAT I HAVE READ AND UNDERSTAND SECTION LDC CHAPTER 12, SECTION 12.05.03 AND WILL ADHERE TO THE PROVISIONS SET FORTH THEREIN:
